***Healing Circles: An evaluation of an intervention for Indigenous mothers and children affected by intimate partner violence***

**Bio:** Dr Caroline Piotrowski earned her Bachelor and Master's degrees in developmental psychology from the University of Waterloo, her PhD in Human Development and Family Studies from the Pennsylvania State University, and her MPH in Health Promotion from San Diego State University. She is an Associate Professor in the Department of Community Health Sciences, a Scientist at Children's Hospital Research Institute of Manitoba and Director of the Violence and Injury Prevention Research Group at the University of Manitoba. Her areas of expertise include sibling relationships, violence and injury prevention, and trauma and resilience in children and youth. She is particularly interested in the promotion of safety, including trauma- and violence-informed care.
